Start Your Savings Journey

For many, the path to financial wellness is a journey, presenting both challenges and opportunities along the way. We know at times it can be overwhelming and if you are feeling that way, you are not alone. More than half of all U.S. households making under \$60,000 a year do not have \$400 saved for an emergency.¹

But what if we told you that there are meaningful tools available to help you build your savings² and achieve your financial wellness goals?

Wisely[®] by ADP[®] positions our members to take a better financial path forward. With a Wisely digital account,³ you have more control and flexibility when it comes to managing your money.

Now that you know you are not alone in this financial wellness journey, the important thing is to get moving.

If your goal is to run a marathon but you're not a regular gym-goer, you wouldn't start preparing by running six miles a day. Instead, you'd start with smaller, short-term goals like jogging and strength training.

The same applies to saving money. You don't have to start with thousands or even hundreds; start small with \$5 or \$10 a week. Just \$20 each paycheck can turn into nearly \$500 in a year.

Tips to start your financial wellness journey

Here's what some Wisely members are doing to build their savings² and to spend more wisely. Hopefully, they inspire you to take similar steps to achieve your financial wellness goals.

“**Move a percentage of your check to Wisely.**”

For example, I move 15% of my check each pay period, so I've been able to save a lot quicker than I have in the past. It is easy to access if needed but it's nice that it automatically goes into the Wisely [savings envelope²]!

– Lindsay R.

When you setup your savings envelopes² in the myWisely app,⁴ you can automate the savings process by using auto-transfer. This is a great way to build up your savings² without having to regularly remember to transfer money into a separate account.

“ [Get] Cash Back.⁵ ”
– Milton J.

Get rewarded while enjoying the things you love like shopping, dining, and traveling. With Wisely you can earn cash back⁵ by shopping at participating merchants or purchasing eGift cards – right from the myWisely app.⁴

“

Try using short term goals that slowly expand over time so you can gradually get into the habit of saving² money.

– Stella G”

Create SMART goals (Specific, Measurable, Achievable, Relevant and Time Bound) and keep in mind that small dollar savings² can quickly add up.

“

Always shop for sales.

-Lamont P.

”

Remember that every found dollar adds up and can be put into your emergency savings.² Don't forget about coupons, which can be found online, in magazines and newspapers. Also, social media sites can help you find inexpensive products and deals by using hashtags like #coupons, #deals and #freebies.

“ **Roll your change up!** ”
– Robby W.

If you pay for something with cash and receive change, save it, roll it up using a coin wrapper, and take it to a bank or change machine to exchange it for dollars. Be mindful that there may be a fee when using a coin machine to exchange your coins.

“*Last year I saved \$2,800 in 7 months using the app. It was the most I saved² and motivated me to try and save double this year.*”

– Gloria W.

Once you have taken steps to save² regularly, you can focus on building an emergency savings² fund.

The Importance of Emergency Savings²

Having savings² set aside for emergencies is the foundation for financial stability. You'll be able to face urgent and unanticipated circumstances without having to be dependent on expensive alternatives, such as high-interest loans or credit card debt.

An emergency savings² account will prepare you for two types of occurrences:

Unexpected expenses

such as car or home repairs, or a visit to the doctor or vet. Having about \$1,000 set aside for these instances can put your mind at ease and will make unforeseen, urgent circumstances more manageable.

Lost income for a prolonged period.

Set a goal to save² three to six months of expenses, after you have money set aside in your savings² envelope for unforeseen expenses. This extra money will assist tremendously if need be.

How Wisely® can help you save²

An ideal way to start building up an emergency fund is to create a safe place to put your savings² that is separate from money used to pay bills and everyday expenses. A Wisely digital account³ with mobile app⁴ can help support you on your journey towards financial security.

Wisely®

puts you in charge of your money and provides a safe way to manage your account. It has financial wellness tools that allow you to:

Build emergency savings²

You can use savings envelopes² in the app⁴ to organize your income. And the best part is that the savings can be accessed when you need them at no cost.⁶

Track your finances

Use the myWisely app⁴ to see where you're spending, stay on top of your balances, and set customized account alerts.⁴

Pay bills⁷

Simply take a picture of your bill or upload an electronic copy. The power to pay any bill quickly and securely is in the palm of your hand, at no cost⁶ to you.

Achieve financial flexibility

Choosing to get your pay (including other sources of income such as pay from a part-time job, freelance work, your tax refund, etc.) direct deposited⁸ to Wisely, will allow you to have access to your funds when you need them. You can also get paid up to 2 days early.⁹
